

Build a Theatre Challenge

Your challenge is to build a theatre or scene from a film or TV programme out of any material you like.

Your theatre should be 3D and should include scenery, set and characters. Keep the audience's view in mind as we want to be able to see all of the characters and all of the action.

Be creative with the materials you use and have fun!

'Friends'
using Lego

'War of the Worlds'
using Recycled Cardboard
